

The Downtown Manhattan Allowed Meeting Annual report October 28, 2018

This year we met for worship every one of the 22 Thursday evenings from the beginning of May to the end of September. There was one rainy day but even then two people attended.

There are 5 regular attenders:
2 from Morningside, 2 from Brooklyn and 1 from 15th Street Meeting. We had visitors from Puerto Vallarta Mexico, Washington DC, and Twin Cities Minnesota. The last of these was inspired to suggest to her meeting that they have an outdoor meeting.

We are no longer surrounded by vegetable gardens but wild flowers and bushes. There even a few delicious wild berries we have found and shared.

Since the gate is open and the labyrinth is visible, we have had folks coming in to walk it, as well as picnickers, dog lovers and once even a film crew.
