Subject: Request for release from service on Trustees

Elizabeth and Katherine:

As I communicated to Katherine, my personal life has made attending Trustees meetings and subcommittee meetings very difficult this year with my increased childcare responsibilities and career difficulties.

As Katherine can attest, I have missed a number of meetings so far this year as they line up with the weeks I have my kids, and I don't have any backup for childcare those nights. Therefore I respectfully request release from the Trustees so someone who can better serve can replace me.

In Friendship,

Wade Black
