

**Downtown Manhattan Allowed Meeting 2019 Annual Report for NYQM  
18<sup>th</sup> day, Seventh Month, 2020**

We met for worship every Thursday from 6:00 to 7:00 from the beginning of May to the end of September. Attendance was most often 4 or 5 people. Once we had 10 and once no one came. It was the final meeting and the weather was bad. Visitors found us via QuakerFinder.org and came from Canada, Australia and England and of course many people from the USA came including several members of the NY Quarterly meeting. This a wonderful opportunity to worship together in nature in the midst of our busy city.
